## THERE IS NO SAFE SPACE FOR PROFITEERS OF STATE VIOLENCE!

## THERE IS NO SAFE SPACE FOR PROFITEERS OF ISRAELI TERRORISM!

In the past year over 270 Palestinians in Gaza have been killed by Israeli snipers while taking part in the Great March of Return, including women, children, disabled people, medics and journalists. More than 25,000 Palestinians have been wounded by tear gas and “non-lethal ammo.”

We are here protesting WARREN KANDERS, vice chairman of the board of trustees of the Whitney, who owns and is invested in multiple companies that supply weapons to the Israeli military and is directly profiting from the mass murder of Palestinians in Gaza.

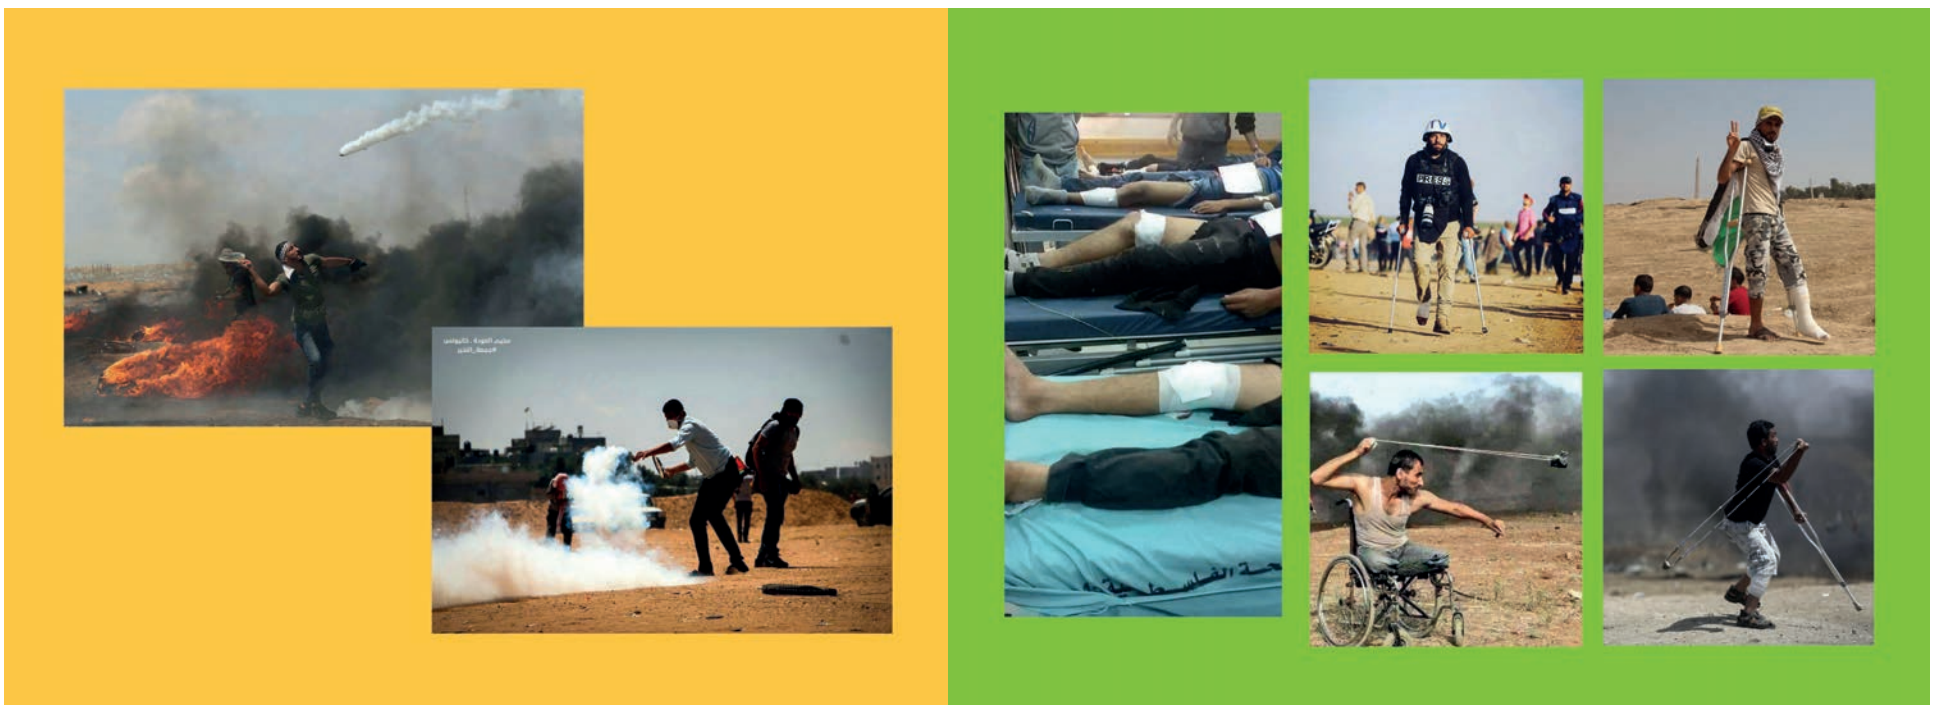

Kanders made his \$700 million fortune through a vast portfolio of arms manufacturers as CEO and owner of Safariland Group and chairman of the board of Clarus Corporation. Both Safariland and Clarus supply the tear gas, sponge bullets and ammunition to the Israeli military that have been used to murder, wound and maim Palestinian protesters fighting for their liberation and return.

Beyond Israel, both companies provide weapons to US law enforcement agencies and the US military through multiple subsidiaries. From the US/Mexico border and Standing Rock to Ferguson, Kashmir, and Palestine, there is blood on Kanders’s hands.

As a Palestinian-led community organization in NYC, Within Our Lifetime is participating in Decolonize This Place’s 9 Weeks of Art and Action alongside 30+ grassroots groups because we recognize the unity of our struggles and the power in our numbers. This is why we fight together.

We are here today to demand removal of Warren Kanders from the board of the Whitney!
